## Grand Knight's Message

Brothers, welcome to the 2018-2019 Columbian Year. I look forward to being your Grand Knight, who with our other officers, will work together with you for a successful year.

### This year's objectives include:

- Continuing our charitable mission which we derive from our events and activities
- Emphasize our current involvement in our Parish activities focusing on Family participation
- Increase the participation of our members in Parish and Local activities as they feel they can contribute
- Adding Council activities which our members would like to be part of which foster Fraternity and Family Life
- Increasing membership giving the men in our parish the vehicle to participate in Parish and Local activities at a different level than they thought possible

From June 18<sup>th</sup> to the 22<sup>nd</sup> our Council served 569 snow cones to the youth who attended the Vacation Bible School. The proceeds from this effort and a donation from our Council will go back to the "Kids Against Hunger" program mentioned in Sunday's Bulletin. I'd like to thank the Knights who helped out serving the youth which included: Frank Costa, Jim Carpenter, Jason Jones, Richard Fredette, Dan Hughes, Mike Machi, and Darren Medeiros. A special thanks to Joy Liu, daughter of Brother Grant Liu, and Gayle Dudziak for also helping during the week.

Let's make this a good year by showing off our Knight's talents at our events and Parish projects.

## Message from the District Deputy

Brothers

As the new Columbian Year kick offs, it is that time of year to recommit ourselves to our tenets of Charity, Unity, Fraternity and Patriotism. Part of the way we can do this is by reviewing the illustrious history of the Knights of Columbus and the men who came before us. Fortunately, this is easy to do thanks to our Fraternal Training website to which all brothers have access.

Besides providing a history lesson, this enhanced Training Portal aims to help brothers develop their KOC knowledge and skills, thus propelling your effectiveness and aiding the mission of your council. It's easy to take many different targeted learning courses while being able to search through several Video Channels for information. You can proceed at your own pace, as the content is accessible 24 hours per day, 7 days per week.

The portal has an Open Enrollment site so that any officer, director or member can take any of the courses currently available. Please go to [kofc.org/trainingmicrosite](http://kofc.org/trainingmicrosite) to register. (This URL is also where the Safe Environment Training is located so take this important training when you have a moment.) There are no restrictions; any member can take any or all courses available and print a Certificate of Completion upon completion of their training. As your schedule permits, please take advantage of all the new resources available to you. I know you will be pleased with the quality and variety of the training.

## From our Worth Lector/Historian, Robert Federighi

Some research of the life of Christ our Lord by searching on the term "Catholic theology " ???

Everyone is entitled to his or her right to skepticism, but if you fail to accept the challenge of considering this, you will be depriving yourself of knowledge of an extraordinary puzzle. This remarkable puzzle, which involves eighteen lost years or "Hidden Years" in the life of Jesus, may well turn out to be a cornerstone for understanding many enigmas about Christianity — like the long-ignored missing but somehow obvious clue in a mystery that remains unsolved. Or perhaps somehow it will eventually be proven a dead end by indisputable dating of documents, DNA testing and other scientific tests and tools. Either way, none of us will be the worse for the truly incredible journey to inquire and discover what can be surmised about Jesus' Lost Years by taking the questions right to the ancient temple of the Hindus called Jagannath in Puri, India, where some say Jesus spent several years (the "some" include the present spiritual leader of the Hindu religion, the Shankaracharya) and a Buddhist monastery high in the Himalayas in Ladakh, India, where an ancient scroll has long been held to exist that purportedly answers all the questions about the Missing Years of Jesus (see: [www.jesus-in-india-the-movie.com](http://www.jesus-in-india-the-movie.com))

Some additional research which one can find very interesting

### **Bartholomew or Nathanael**

Bartholomew Nathanael, son of Talmai, lived in Cana of Galilee. His apostolic symbol is three parallel knives. Tradition says he was a missionary in Armenia. A number of scholars believe that he was the only one of the 12 disciples who came from royal blood, or noble birth. His name means Son of Tolmai or Talmai (2 Samuel 3:3). Talmai was king of Geshur whose daughter, Maacah, was the wife of David, mother of Absalom.

Bartholomew's name appears with every list of the disciples (Matthew 10:3; Mark 3:18; Luke 6:14; Acts 1:13). This was not a first name, however; it was his second name. His first name probably was Nathanael, whom Jesus called "An Israelite indeed, in whom there is no The New Testament gives us very little information about him Tradition indicates he was a great searcher of the Scripture and a scholar in the law and the prophets. He developed into a man of complete surrender to the Carpenter of Nazareth, and one of the Church's most adventurous missionaries. He is said to have preached with Philip in Phrygia and Hierapolis; also in Armenia. The Armenian Church claims him as its founder and martyr. However, tradition says that he preached in India, and his death seems to have taken place there. He died as a martyr for his Lord. He was flayed alive with knives.

peace joy and love, Robert

## A Message from PGK Stephen Natale

My Dear Brothers in Christ,

I wanted to send you a short note to extend a warm and heartfelt "Thank You!" to Father Paul and all my Brother Knights for all the loving support, emails, cards, texts, phone calls, personal visits and especially, **ESPECIALLY** all the prayers I received over the past several weeks prior to surgery, during surgery and after surgery. It gave me great comfort to know that I had such wonderful, fervent, loving support. Surgery was very successful and all went according to plan. I can't help but think that through your prayerful support that you all had something to do with it and I am very grateful and I appreciate it very much. I love you all!

As I came away from this whole ordeal it confirmed in my mind what we already know to be true. We have a loving, caring God and He will never, ever let you down. The surgery that was performed on me was nothing as short of a miracle! I thank God with all my heart.

So I leave you with this..... Trust in the Lord and all things are possible. Looking forward to seeing you soon.

Your Brother in Christ,

Stephen

## Safe Environment Training for Council Members

A message to the Grand Knight from Lee Ann Harper, Office of Youth Protection, Manager, KofC Supreme

*As a general matter, the Knights of Columbus expects that those participating in Knights of Columbus sponsored youth programs or activities on diocesan/parish property comply with diocesan safe environment policies. The Order's main concern is that knights cooperate with diocese and be compliant with the diocesan policies for volunteers using diocesan/parish property. We encourage our members to comply with applicable diocesan safe environment requirements when using parish/diocesan property.*

*If you discover that a knight is conducting a Knights sponsored youth program on diocesan/parish property without having completed applicable diocesan safe environment requirements, we would expect and understand that you would act to prohibit him from continued participation in our youth program on diocesan/parish property. For the Order, it is sufficient reason for a parish or diocese to prohibit a Knights sponsored youth program because the participating members leading the youth program have not complied with the diocesan requirements, even if they have completed the requirements of the Knights of Columbus Safe Environment Program.*

*The Knights of Columbus Safe Environment Program training and/or background screening is in addition to the diocesan requirements. We take seriously our obligation to ensure compliance with our Safe Environment Program. On a weekly basis we review member compliance and follow up directly with members and their grand knights when members are noncompliant. When members are noncompliant they are removed from their youth serving roles.*

The Diocese of Oakland requires that all volunteers be trained to recognize and respond to the signs of abuse, to be informed of the reporting procedures and to learn how to safeguard the children and vulnerable adults in their care. Training is available thru VIRTUS and can be done on line or at a live training. Registration for either is mandatory. Trainings are available in Spanish and English. Check out the diocesan website for more information.

Bottom-line: we must follow the request of the Diocese and ALL VOLUNTEERS MUST take their training The knights training is in addition to the diocesan requirements.

The parish website includes a page on the training [<http://www.catholicsofpleasanton.org/safe-environment.html>]. The information on that page seems to cover most of the information on the comparable page for the Diocese [<https://www.oakdiocese.org/offices/safe-environment/safe-environment-and-victims-assistance?searchterm=safe+environment+training>]. The Diocese page does include access to locations scheduled for live training.

State Deputies, grand knights, and faithful navigators (if their assemblies sponsor a Columbian Squires Circle) are required to complete Praesidium's Armatus© youth protection training to help ensure that they understand the policies and procedures that members of the Knights of Columbus are expected to follow regarding the safety and well-being of young people served through the Order's programs and activities.

Please notify the Worth Grand Knight with the date of your most recent completion of the Diocese of Oakland Safe Environment Training.

## *The Pitfalls of Replacing Coverage*

You know the old saying, "the grass seems greener on the other side of the fence," but we all know that it rarely is. The same holds true when it comes to replacing your existing Knights of Columbus life insurance with coverage offered by another company. Perceptions are deceiving. A move to the "greener" grass on the other side of the fence might seem like a good one, but it can leave you with less *green* in your wallet — in some cases, a lot less. That's why it pays to remember another old adage, "Read the fine print."

There are many reasons to keep your existing coverage in force, whether that coverage is with the Knights of Columbus or with another company. I'll focus on the potential pitfalls of replacing coverage here — pitfalls that an agent trying to convince you that the grass actually is greener might neglect to mention.

First, all life insurance contracts contain a *contestability period*, which allows the insurer to contest claims made for a period — typically two years — after the contract is issued. Chances are this is no longer an issue with your current coverage.

Second, it's unlikely that you can obtain the same amount of coverage, for the same premium, that you were able to obtain with your existing contract. The two factors that determine how much you'll need to pay for life insurance coverage are age and health. Certainly, you're older now than you were when you took out your current coverage. There's no way around that. And you have to ask yourself, has your health changed during that time? Is your blood pressure the same? Your cholesterol? Have you gained weight? All these factors can affect the amount of coverage you'll get for your premium dollar.

If someone encourages you to replace — or worse, drop — your existing coverage, please call me. I'll show you how your existing coverage is working for you and why replacement is rarely in your best interest.
