Grand Knight's Message

Brothers,

August was a busy month for us with the Kids Against Hunger and our Progressive Dinner as well as preparing for the East Bay Stand Down in September with our Brothers from the other Tri-Valley Councils.

Kids Against Hunger was a resounding success as it started out with 100 participants and grew to over 350 on the day of the event. Our council provided a BBQ of hamburgers, hotdogs, chips and deserts afterwards serving about 200 of the participants who stayed. The remaining food, about half of what was prepared, was given to the Livermore Homeless Shelter.

A big shout out to the 22 Brothers who made this happen both with the BBQ and some with their families for the food packing event include: Mike Burns, Tom Smith, Dom Pietro, Hal Wilson, Manny D'Albora, Stephen Natale, Jom Sicat, Dennis Roberts, Dennis Mortenson, Dick Parr, Mike Schibler, Rolly Bantugan, Dan Hughes, Robert Fjerstad, Mario Butzner, Kevin Ryan, Robert Strawn, Joe Thibodeau, Dave Chacon, Mark Lambros, Ed De La Pena and Mario da Silva. And one cannot forget the effort of Bronco Hinek in setting up the tables and Robert Dompe who broadcasted the call for help to our membership. Sorry if I missed someone as the hairnet was a great disguise. Please LMK if you were there.

Message from our District Deputy

The term "No man left behind" holds special meaning for those who serve in the military or who are veterans. Although the origin of this touchstone is somewhat clouded, one school of thought is that this phrase started during the French and Indian War in 1756. That was 20 years before the United States declared its independence from the British empire.

During that war, a group of American soldiers known as Rogers' Rangers, fought for the British against the French, using pioneer techniques and native-American tactics to outsmart enemy soldiers. These rangers were known for upholding a certain standard which was to leave no fellow soldier behind.

Today, that mentality of "No man left behind" still exists. In the Knights of Columbus, it was evident at our very beginnings in the way Father Michael McGivney formed our order. Today, it exists in the way we recruit men and encourage them to live their faith. We put the words into action with our Knights Helping Knights program. We ensure that our pastors know that we are the strong right arm of the Church and are there for them. We encourage our seminarians with moral and financial support and we help those who have served our country fearlessly.

I encourage you to put into action this touchstone, "No man left behind". If you help one man by recruiting them to our order, you will have given them the opportunity to live their faith by example and be saved for all eternity. And in doing so, you will have lived up to our forefathers' standard of "No man left behind".

DD Ken

Safe Environment Training for Council Members

A message to the Grand Knight from Lee Ann Harper, Office of Youth Protection, Manager, KofC Supreme

As a general matter, the Knights of Columbus expects that those participating in Knights of Columbus sponsored youth programs or activities on diocesan/parish property comply with diocesan safe environment policies. The Order's main concern is that knights cooperate with diocese and be compliant with the diocesan policies for volunteers using diocesan/parish property. We encourage our members to comply with applicable diocesan safe environment requirements when using parish/diocesan property.

If you discover that a knight is conducting a Knights sponsored youth program on diocesan/parish property without having completed applicable diocesan safe environment requirements, we would expect and understand that you would act to prohibit him from continued participation in our youth program on diocesan/parish property. For the Order, it is sufficient reason for a parish or diocese to prohibit a Knights sponsored youth program because the participating members leading the youth program have not complied with the diocesan requirements, even if they have completed the requirements of the Knights of Columbus Safe Environment Program.

The Knights of Columbus Safe Environment Program training and/or background screening is in addition to the diocesan requirements. We take seriously our obligation to ensure compliance with our Safe Environment Program. On a weekly basis we review member compliance and follow up directly with members and their grand knights when members are noncompliant. When members are noncompliant they are removed from their youth serving roles.

The Diocese of Oakland requires that all volunteers be trained to recognize and respond to the signs of abuse, to be informed of the reporting procedures and to learn how to safeguard the children and vulnerable adults in their care. Training is available thru VIRTUS and can be done on line or at a live training. Registration for either is mandatory. Trainings are available in Spanish and English. Check out the diocesan website for more information.

Bottom-line: we must follow the request of the Diocese and ALL VOLUNTEERS MUST take their training The knights training is in addition to the diocesan requirements.

The parish website includes a page on the training [<http://www.catholicsofpleasanton.org/safe-environment.html>]. The information on that page seems to cover most of the information on the comparable page for the Diocese [<https://www.oakdiocese.org/offices/safe-environment/safe-environment-and-victims-assistance?searchterm=safe+environment+training>]. The Diocese page does include access to locations scheduled for live training.

State Deputies, grand knights, and faithful navigators (if their assemblies sponsor a Columbian Squires Circle) are required to complete Praesidium's Armatus© youth protection training to help ensure that they understand the policies and procedures that members of the Knights of Columbus are expected to follow regarding the safety and well-being of young people served through the Order's programs and activities.

Please notify the Worth Grand Knight with the date of your most recent completion of the Diocese of Oakland Safe Environment Training.

The Pitfalls of Replacing Coverage

You know the old saying, "the grass seems greener on the other side of the fence," but we all know that it rarely is. The same holds true when it comes to replacing your existing Knights of Columbus life insurance with coverage offered by another company. Perceptions are deceiving. A move to the "greener" grass on the other side of the fence might seem like a good one, but it can leave you with less *green* in your wallet — in some cases, a lot less. That's why it pays to remember another old adage, "Read the fine print."

There are many reasons to keep your existing coverage in force, whether that coverage is with the Knights of Columbus or with another company. I'll focus on the potential pitfalls of replacing coverage here — pitfalls that an agent trying to convince you that the grass actually is greener might neglect to mention.

First, all life insurance contracts contain a *contestability period*, which allows the insurer to contest claims made for a period — typically two years — after the contract is issued. Chances are this is no longer an issue with your current coverage.

Second, it's unlikely that you can obtain the same amount of coverage, for the same premium, that you were able to obtain with your existing contract. The two factors that determine how much you'll need to pay for life insurance coverage are age and health. Certainly, you're older now than you were when you took out your current coverage. There's no way around that. And you have to ask yourself, has your health changed during that time? Is your blood pressure the same? Your cholesterol? Have you gained weight? All these factors can affect the amount of coverage you'll get for your premium dollar.

If someone encourages you to replace — or worse, drop — your existing coverage, please call me. I'll show you how your existing coverage is working for you and why replacement is rarely in your best interest.
